

NESS SATELLITE SIRENS

DATASHEET

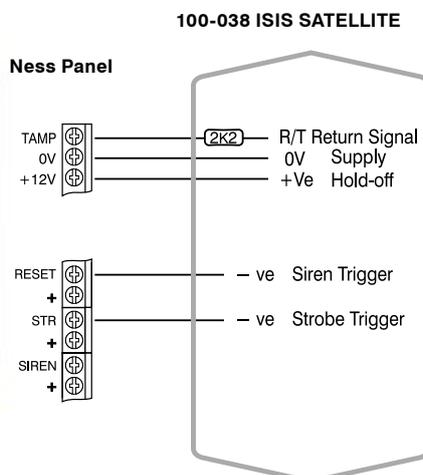

MINI-SAT WIRING TO NESS PANELS

MINI-SAT SATELLITE SIREN

A very low profile self-contained satellite siren with a high volume electronic siren and very large blue strobe light. The Mini Satellite offers protection against cut wires, (if the tamper circuit is connected), and physical attack. Rechargeable backup battery is built in. Can be used with any Ness control panel.

12VDC positive or negative trigger. Operating voltage 10-15VDC. Internal battery 6V NiCad. Siren output 115db. Strobe flash rate 80-140/min. Tamper protection, lid and base. Selectable siren timer 5, 10, 20 min. Blue strobe lens. Dimensions 176 x 112 x 45mm.

100-228 MINI-SAT SATELLITE siren

ISIS WIRING TO NESS PANELS

ISIS SATELLITE SIREN

The Isis Satellite Siren features two high intensity strobe lights and a high volume electronic siren. The large, flat front area is suitable for applying a company sticker.

As with the Mini Satellite, the Isis Satellite offers excellent protection for those jobs where audible warning is most important.

Rechargeable backup battery is built in. Can be used with any Ness control panel.

12VDC positive or negative trigger. Operating voltage 12-13.8VDC. Internal battery 7.2V NiCad. Siren output 118db. Strobe flash rate 100/min. Tamper protection, lid bolt and base. Selectable siren timer 3, 10, 20, 40 min. Blue strobe lens. Dimensions 355 x 180 x 65mm.
