

RK4B Radio Key

4 CHANNEL RADIO KEY

- 4 BUTTON PORTABLE TRANSMITTER
- COLOUR CODED BUTTONS
- ARM / DISARM / PANIC / AUX
- FULLY WATERPROOF
- LONG LIFE LITHIUM BATTERY POWERED
- COMPATIBLE WITH ALL NESS ONE WAY RADIO RECEIVERS

NESS RK4B RADIO KEY

The Ness RK4B Radio Key is a fully sealed and fully waterproof four channel radio key.

Featuring a tough and attractive lightweight slim housing and click action rubber buttons.

Full 56bit encrypted transmission for maximum security, (where supported by the receiver or control panel).

The RK4 is a sealed unit powered by a Lithium battery with an expected life of 10 years, (assuming 7 transmissions per day).

The four buttons provide Arming, Disarming, Panic and Auxiliary output functions when used with Ness control panels or standalone receivers.

The RK4B radio key interfaces with compatible Ness control panels via the Ness 100-200 radio interface or use with any Ness one way radio standalone receiver.

A low battery signal is sent to compatible Ness receivers.

Dimensions: 32(w) x 58(h) x 13(d) mm
